Welcome to the Intelligent Communications and Broadband Networks Laboratory - ICBNet

The Intelligent Communications and Broadband Networks Laboratory is established within the
School of Electrical & Computer Engineering
and the
Institute of Communication and Computer Systems (ICCS)
of the
National Technical University of Athens (NTUA)
.

The main research activities of ICBNet Laboratory are:

- Large Scale Distributed Systems
- Software Technologies and Service Engineering
- Broadband, Wireless, Heterogeneous Networks
- Security and Privacy
- Electronic Healthcare

 The laboratory is situated on the ground floor of the Faculty of Electrical and Computer Engineering in the Zografou Campus.
